

## Prayer dealing with soul copies as watchers

*In our places of captivity there are watchers that constantly monitor our behavior. I like to refer to these as the dark cloud of witnesses. Their task is to ensure that the dark anointing of the family seed- line and blood line is continued and brought forward. These watchers often fulfill the task of torturing the parts into submission or keep the parts in a state of numbness so that these copies can do the dark generational works, on our behalf.*

Father, today I enter Your courts with praise and thanksgiving. I acknowledge You as the Great I AM, You are the author of life, You are the beginning and the end. You are the First and the Last, You are Life, Love and Light. I exalt your Name above any other god and I thank You that I may call You, Father.

I stand before You, on behalf of myself, my seed- and bloodline and my spirit portions and thank You that I am covered by the Blood of the Lamb. Father, today I bring my wounds and those of my seed- and blood line before You and I thank You for Your glory light of Truth that has revealed the true condition of my spirit. Father, I want to start by acknowledging my woundedness. I take full responsibility for the killing, stealing and destroying that is part of my inheritance in the Spirit. Father, my spirit is mortally wounded and trapped and I acknowledge that this is because of me and my seed's sins, transgressions and iniquities. I acknowledge that this has given the enemy legal right over myself and my seed- and blood lines.

In Daniel 9 your Word states that we as Your children are cursed with confusion because of the treacherous trespasses we have committed against You. Father, because of this our senses are confused, blocked, defiled and wounded. Oh, Father, please forgive us for being so dry in the Spirit. I repent that I and my seed- and blood lines have been content with this condition for many generations. I repent that we took this confusion, dryness and darkness as our portion and inheritance. I repent that this confusion has become our world, our environment and also our idol.

Father, today I want to ask for Your deliverance over the ancient watchers that have been appointed over my wounds. Father, I acknowledge that these are the inherited generational souls, weather alive or dead, that have latched onto me and my seed line and blood line's wounds. I understand that my generational and own sins, transgressions and iniquities has caused this to happen. It is the desire of my heart to be free from these souls. Father, I acknowledge their work before You. I repent of the legal right they have to influence my thoughts and senses. I repent that I have molded my character and the fruit of my spirit according to their 666 character and instructions. I repent that I have become a clone of their defiled DNA. I acknowledge that they entice me to sin, that they draw me towards darkness and that they seek to enlarge the 666 footprint in my spirit. I repent that I am like a puppet in the spirit dancing to their defiled strings. Father, please forgive us for being content under their guard, that we have accepted them as authority over us and that we have even worshipped them. Please forgive us for thinking of these souls as our spiritual mothers and fathers, protectors, guides and guardians. Our understanding was veiled and our senses numbed.

Today I come and earnestly beg Your forgiveness and entreat Your favor so that it would be possible for me and my seed- and blood line to turn from our iniquities, to be removed from our state of confusion and to come into the true understanding of Your Truth. Turn us to Yourself, o Lord, and we shall be turned and restored! Renew our days as of old! (Lam 5). Bring us back to Your original design, Father. Restore and renew Your image and likeness in me.

Father, in the name of Yeshua, I repent of the covenants that give these souls legal right to latch onto me. I choose today to annul these covenants and to divorce all the spiritual entities involved. I ask in the name of Yeshua that the control bonds with Lucifer's kingdom will be cut from both sides so that my humanity will be able to be cleansed from this defilement. Father, I pray and ask in the name of Yeshua that the octopus sitting over my wounds will be completely destroyed so that I can come to my senses. I ask that You would command Your angels to remove the souls attached to my wounds. I thank You that I and all parts of me will be safe and protected by Yeshua's blood during this process. I ask that You would wash the influence of the generational and human souls from my cells, memory banks, thoughts and senses. Please uproot them from their hiding places with Your holy Fire. In the name of Yeshua I cancel their curses and illnesses assigned to my timeline for my seed – and blood in all time, space and dimension. Please cut all ties which I have to land that keeps me entangled there. In the name of Yeshua I renounce and denounce and distance all parts of me and all that pertains to me from these soul's 666 iniquities character, callings, purposes, designs, mantels, scrolls and destinies. I strongly denounce and renounce their spiritual imprints, legacy and inheritance on myself and my seed. Father, please remove these souls, cancel their hold and pull on my seed and silence their voices.

In the name of Yeshua, I cancel all resulting confusion over all parts of me and that of my seed. I ask You to cover me and my wounds and all parts of me with the Blood of the Lamb so that I will be invisible to these souls. I declare never again will they be able to find me or latch onto me. In the name of Yeshua, I anchor all of myself and my seed in all time, space and dimension on the Truth of Your Word. I wash my senses and memory banks with the blood of the Lamb. Father, please turn me to face Your throne of truth. Please shine Your glory light of healing on my wounds as I know that the truth shall set me free. Father, I ask that You would appoint Godly watchers on my walls. I declare that You are my watcher and keeper. I ask that You would guard me, protect me and would maintain my healing.

I bless my wounds with restoration and healing. In the name of Yeshua I pour Your oil of healing and strength over my wounds and I ask that You, Yeshua, will come and bind up my wounds. I declare over all parts of me Ps 34:5 they looked to Him and were radiant, their faces shall never blush for shame or be confused.

By His stripes I am healed.
