

## Cleansing the memory banks of the seed and DNA

*Our memories and those of our generations are stored in our spirit heart – or subconscious mind. Our subconscious is a huge memory bank that permanently store all that has ever happened to us. Our subconscious mind is virtually perfect in recalling information. Your subconscious mind can be described as an unquestioning servant that works day and night to keep the programs of our belief systems going. It is therefore vitally important that we surrender these memory banks to Yeshua for cleaning, restoring and healing.*

Heavenly Father, what a privilege it is to come before your court. I want to exalt your Name and praise You for Your faithfulness, Your love, Your grace and patience. Thank You for taking care of us. You are a faithful Father.

As Your child I come before You covered by the blood of Yeshua and it is from this place that I bring this petition before You. Father, I repent of my ignorance for not seeing and recognizing the effect the memories in my DNA and seed has on my life.

I repent of the memories of sexual sin, blood guilt, idolatry and stealing which are crying out from my DNA and seed. I confess this as sin before You. I am guilty of aligning myself with these memories and accepting them as my truth. I repent of living out of and through these memories. I repent of the effect that these memories has on my thoughts, emotions, belief system and deeds. Father I agree that the enemy has legal right against me because of my DNA and parts of my DNA's defiled memory banks. I also repent that there are parts of me that are trapped inside these memories and that they do not live in the now conscious of Your divine time. I repent of the confusion that my memory banks have created in me as well as the mixed seed that this has produced in my life. I ask today, if You would forgive my lawlessness, ignorance and sin and that You will come and bring order to my memory bank.

Father, I further repent that the enemy gained free access to my life, thoughts and emotions because of my ungodly memory portals. I choose today to surrender these memories – both my own and those of my generations, their associated behavior and thought patterns to You. Father, I repent of every instance where I have surrendered to these memories and have acted out off and upon their prompting.

In the Name of Yeshua I choose to annul the covenants that seal these memory banks. I willingly divorce all the dark workers associated with them. In the name of Yeshua I shut my ungodly memory portals and fire the gate keeper as well as the custodians in the spirit world appointed to regroup, reactivate, restructure and make these memories to resurface in my or any parts of my DNA. I declare the hexes, vexes, incantations, chants, curses and prognostications attached to these memories null and void in my life and in my memory structures. In the name of Yeshua, I ask that You would remove all the soul copies that are attached to these memories and that You will judge them in Your blood. I repent of the re-enactment of these memories by myself or any part of me and break these memory altars and destroy the worship on these altars with the Blood of the Lamb. I demand every spirit, human spirit, dead human spirit, familiar spirit and soul copy attached to these memories to lose its hold

on me as these ungodly DNA and seed memories are destroyed by the fire of God. I declare that only Godly memories shall be in my memory bank from this day forward for a thousand generations or till the coming of Christ.

Today I access the memory bank of my DNA and seed in the spirit. As I enter these vaults I remove and destroy by Godly fire the ungodly memories. Father, where I have started to live these memories I ask that You would remove my parts from their dynamics and place me in Your heart for healing and restoration. I remove the deposit slips, records, duplicates and all paperwork, locks, and any devices applicable associated with these memories. I ask for the fire of God to burn through these in every part of me. Father, I ask this to be true of my conscious, unconscious and sub-conscious, super-imposed memories as well as my short term and long term memory banks.

I declare that the following will be true over my life and I thank You Father that:

The enemy have been cut off and have vanished in everlasting ruins, You have plucked up and overthrown their cities; the very memory of them has perished and vanished. (Ps 9:6)

The memory of the [*uncompromisingly*] righteous is a blessing, but the name of the wicked shall rot. (Pro 10:70)

Isa 26:14 They [*the former tyrant masters*] are dead, they shall not live and reappear; they are powerless ghosts, they shall not rise and come back. Therefore You have visited and made an end of them and caused every memory of them [*every trace of their supremacy*] to perish (Is 26:14)

Thank You Father that my memory banks

Thank you Father
